December 14, 2020

Dear Families and Friends of our Residents,

As the number of COVID cases in Illinois remain at a high level, we have been having a slight rise in numbers here at St. Joseph's Home.

At the moment there are seven Residents who have tested positive and are in our designated COVID Unit and two in the hospital. We have 4 staff members who are positive.

Two more Residents, including one who is 101 years old recently moved out of the unit, and are recovering nicely, thank God.

Testing continues twice a week. Restrictions are still in place for visiting, except for window visits. Skype is also an option.

And prayers continue as well, that all of you will feel our support during this difficult time and know that we are endeavoring to do our best to keep the Residents healthy and safe.

We have an agreement with Walgreens Pharmacy, who will administer the long-awaited vaccine, when it is available. We will be sending you more information as we receive it.

If you have any questions or concerns, please do not hesitate to email or call.

Thank you for your understanding and patience.

God bless you.

Sincerely,

Mother Margaret Charles, lsp

Administrator
