January 7, 2022

Dear families of our Residents,

As the days progress, we are finding that we are having recurrence of the Covid-19 virus among our Residents and staff members.

We now have two Residents who have tested positive for the Covid-19 virus; they are in quarantine and hopefully will be able to return to their own unit as soon as possible. Together with our Sisters, we have a dedicated staff caring for them, and a special unit area on our third floor has been set up for the care of residents who have come down with Covid-19. All necessary precautions are taken for their safety and wellbeing.

Several of our staff are currently out with the Covid-19 virus, and we hope and pray that they will recover well and return soon. As you can imagine, we miss them and need them.

With this said, please understand that we encourage everyone to follow the guidelines set by the State of Illinois, most importantly the wearing of a mask, proper handwashing and maintaining the 6 feet distance separation. At present we ask that any visiting be arranged by appointment, through Cindy, our Volunteer Coordinator.

God bless you all, and please be sure we will keep you updated.
